- Press Release; Staff Report; and Statement by the Executive Director for the Republic of Armenia** International Monetary Fund/Middle East and Central Asia Dept. 2021-12-21 Armenia has commenced a robust recovery from the deep 2020 recession, benefiting from strong policies and the lifting of the political uncertainty after the elections in June. A gradual but uneven improvement in the pandemic situation, pent-up demand, and the strengthening of public and private investment are expected to drive 2022 growth. Robust growth is expected over the medium term. Risks are relatively balanced, although uncertainty remains high. Strong reform implementation and accelerating vaccinations could improve the outlook, while risks of a protracted pandemic, renewed geopolitical tensions, a slowdown in major trading partners, and stress from global financial volatility and/or trade tensions could hamper the recovery.

IBPS Clerk 10 Year-wise Preliminary & Main Exams Solved Papers (2021 - 11) 3rd Edition Disha Experts 2020-04-06

Conservative Government Penal Policy 2015-2021 Christopher David Skinns 2022-08-29 This book interrogates Conservative government penal policy for adult and young adult offenders in England and Wales between 2015 and 2021. Government penal policy is shown to have been often ineffective and costly, and to have revived efforts to push the system towards a disastrous combination of austerity, outsourcing and punishment that has exacerbated the penal crisis. This investigation has meant touching on topical debates dealing with the impact of resource scarcity on offenders' experiences of the penal system, the impact of an increasing emphasis on punishment on offenders' sense of justice and fairness, the balance struck between infection control and offender welfare during the government handling of the SARS-CoV-2 pandemic and why successive Conservative governments have intransigently pursued a penal policy that has proved crisis-exacerbating. The overall conclusion reached is that penal policy is too important to be left to governments alone and needs to be recalibrated by a one-off inquiry, complemented by an on-going advisory body capable of requiring governments to 'explain or change'. The book is distinctive in that it provides a critical review of penal policy change, whilst combining this with insights derived from the sociological analysis of penal trends.
