The Palestine Strategic Report 2020-2021 Prof. Dr. Mohsen Mohammad Saleh 2022-08-01 Al-Zaytouna Centre is pleased to present to its readers the Palestine Strategic Report (PSR) 2020-2021, the 12th PSR to be published. With an academic methodology and comprehensive objective approach, the report details the developments concerning the Palestine issue and provides the latest information and data available at the end of 2021, along with analyses and forecasts. This report is the result of collaborative work of 15 experts and researchers. In eight chapters, it addresses the internal Palestinian scene; Palestinian demographic and economic indicators; the situation in Jerusalem and the holy sites; the specifics of Israeli aggression, Palestinian resistance and the peace process; the internal situation in Israel, politically, economically and militarily; and Palestine's Arab, Islamic, and international relations. The PSR now occupies a prominent position as an indispensable reference, integral to Palestine studies and research. Al-Zaytouna Centre hopes the PSR will continue to make valuable contributions in this field.

Conservative Government Penal Policy 2015-2021 Christopher David Skinns 2022-08-29 This book interrogates Conservative government penal policy for adult and young adult offenders in England and Wales between 2015 and 2021. Government penal policy is shown to have been often ineffective and costly, and to have revived efforts to push the system towards a disastrous combination of austerity, outsourcing and punishment that has exacerbated the penal crisis. This investigation has meant touching on topical debates dealing with the impact of resource scarcity on offenders' experiences of the penal system, the impact of an increasing emphasis on punishment on offenders' sense of justice and fairness, the balance struck between infection control and offender welfare during the government handling of the SARS-CoV-2 pandemic and why successive Conservative governments have intransigently pursued a penal policy that has proved crisis-exacerbating. The overall conclusion reached is that penal policy is too important to be left to governments alone and needs to be recalibrated by a one-off inquiry, complemented by an on-going advisory body capable of requiring governments to 'explain or change'. The book is distinctive in that it provides a critical review of penal policy change, whilst combining this with insights derived from the sociological analysis of penal trends.

The Second Impeachment Report Majority Staff of the House Committee on the Judiciary 2021-01-19 With a foreword by New York Times bestselling author and former confidante of Donald J. Trump, Michael Cohen, the official report of materials supporting the first-ever second impeachment of a President of the United States—complete with US Constitution included. In 2019, Donald Trump became only the third US President to be impeached by the House of Representatives on charges of abuse of power and obstruction of congress. In January 2021, he became the first President in American history to be impeached for a second time. Though no sitting president was ever convicted, will Trump be the first there, too? Still in the midst of the coronavirus pandemic, which the president has also been accused of handling poorly, and an ongoing refusal to concede his loss to rival candidate Joe Biden, Donald Trump is said to have provoked his followers to storm the US Capitol in Washington, DC, resulting in a shocking protest-turned-violent in an effort to stop the official Electoral count in certifying Biden's victory. The unprecedented event led to the deaths of at least five people, as well as the President being banned from all major social media, including Twitter, Facebook, Instagram, and more, due to risk of inciting more violence. This groundbreaking report—released by the House Judiciary Committee, chaired by Jerrold Nadler—covers Trump's conduct leading up to January 6, 2021, the attack on the capitol, his response to the insurrection, and provides a compelling argument as to why there is an immediate need to consider impeachment despite Trump having only seven days left in office.

Farewell to my Captain Vincent Gilbert Malunga 2021-05-12 A true story about the joys and challenges experienced by both guardian and patient on a terminal medical journey. A younger brother

takes on the medical challenges of an older brother and together they fight a litany of his ailments including chronic kidney failure, hypertension, diabetes and coronary heart disease, among others. The medical challenges took the two brothers (Felix the patient and Vincent the guardian) from Malawi to South Africa, back to Malawi and India, where Felix finally succumbed. The story celebrates brotherly love in the context of life threatening illness that calls for tenacity, sacrifice, team work, personal reflections about life, and the impact of death on the individual, family and friends. It paints an emotional journey that absorbs everyone around the pair into their ordeals, hopes, setbacks and successes to the very bitter end. The reader is also drawn into personal ownership of this roller coaster journey and immersed into the very fabric of plot, characters and form. The factual events are explored in a manner that mimics fiction but retaining the authenticity of a true story. The story evokes a mix of emotions from the Diary of Anne Frank, Dickens's Oliver Twist and Chinua Achebe's Things fall apart. You will not stop reading once you start, until you finish the last page!

Sustainable Approaches in Textiles and Fashion Subramanian Senthilkannan Muthu 2022-05-12 This first of this set of books presents the various sustainable approaches in terms of circular economy and micro plastic pollution pertaining to the textiles and fashion supply chain. Sustainability is one of the important aspects in today's industrial context, which is followed by every industrial sector with no exception to textiles and fashion. Sustainability and strict adherence to the principles of sustainability has become one of the essential needs in industry. There are countless measures in terms of various approaches to make the textiles and fashion sector sustainable. These measures, but not limited to, range from innovating and implementing new fibres and raw materials, introducing innovative manufacturing methods, chemicals, processes to focus on all the possible stages of a textile product's life cycle from cradle to grave. These approaches include making the textiles and fashion sector circular and also development of new products from sustainable raw materials/processes or combination of both.

The Big Book of Dashboards Steve Wexler 2017-04-24 The definitive reference book with real-world solutions you won't find anywhere else The Big Book of Dashboards presents a comprehensive reference for those tasked with building or overseeing the development of business dashboards. Comprising dozens of examples that address different industries and departments (healthcare, transportation, finance, human resources, marketing, customer service, sports, etc.) and different platforms (print, desktop, tablet, smartphone, and conference room display) The Big Book of Dashboards is the only book that matches great dashboards with real-world business scenarios. By organizing the book based on these scenarios and offering practical and effective visualization examples, The Big Book of Dashboards will be the trusted resource that you open when you need to build an effective business dashboard. In addition to the scenarios there's an entire section of the book that is devoted to addressing many practical and psychological factors you will encounter in your work. It's great to have theory and evidenced-based research at your disposal, but what will you do when somebody asks you to make your dashboard 'cooler' by adding packed bubbles and donut charts? The expert authors have a combined 30-plus years of hands-on experience helping people in hundreds of organizations build effective visualizations. They have fought many 'best practices' battles and having endured bring an uncommon empathy to help you, the reader of this book, survive and thrive in the data visualization world. A well-designed dashboard can point out risks, opportunities, and more; but common challenges and misconceptions can make your dashboard useless at best, and misleading at worst. The Big Book of Dashboards gives you the tools, guidance, and models you need to produce great dashboards that inform, enlighten, and engage. **Computational Science - ICCS 2022** Derek Groen 2022-06-21 The four-volume set LNCS 13350, 13351, 13352, and 13353 constitutes the proceedings of the 22nd International Conference on Computational Science, ICCS 2022, held in London, UK, in June 2022.* The total of 175 full papers and 78 short papers presented in this book set were carefully reviewed and selected from 474 submissions. 169 full and 36 short papers were accepted to the main track; 120 full and 42 short papers were accepted to the workshops/ thematic tracks. *The conference was held in a hybrid format
